Federal Communications Commission
Authorization and Evaluation Division
Attention Reviewing Engineer

The following radio devices include a mini USB port, however at this time the mini USB port is not functional:
1. Dat.aNet RH/Temp Logger M/N DNL920 FCC ID: XGO-DNL9XX
2. DataNet Logger M/N DNL910 FCC ID: XGO-DNL9XX

The above units will be tested for Sub-part B connected to a PC/Laptop when the mini USB port becomes functional.

Sincerely

Haim Bila
QA Manager
Fourier System Ltd.
